BENEFITS**

SUSTAINABILITY-LINKED LOAN: KEY MILESTONES

WHY A GREEN LOAN?

ALIGNMENT WITH SUSTAINABILITY GOALS:

Supports projects aimed at improving plastic recycling, water-use efficiency, and reducing emissions.

POSITIVE ENVIRONMENTAL IMPACT:

Directly funds green initiatives like solar panels, electric vehicles, and energy-efficient infrastructure.

FAVORABLE FINANCING TERMS:

Offers competitive interest rates and terms, making it a cost-effective choice.

CONTRIBUTION TO GLOBAL SUSTAINABILITY EFFORTS:

Positions us as a leader in sustainability, aligning with the UN SDGs.

EXPERT SUPPORT: EY FRANCE & MOODY'S

Assistance from EY France in Developing the Sustainable Linked Loan Framework:

- EY France assisted in the creation of the Sustainability-Linked Loan Framework (SLLF), providing expert guidance to effectively structure the loan and included 3 key performance indicators (KPIs) to qualify for an interest rate discount.
- Timeline: January – March, 2024

Assistance from Moody's included providing a Second Party Opinion (SPO) to validate our SLLF:

- As a leading SPO provider, Moody's gave a SPO on our SLLF to ensure the alignment of our 3 KPIs.
- Date: March, 2024
- Result: SQS2 Very Good
